

Program: Eco 360

Grade 3 – British Columbia Science Curriculum Connections

Activity Name	Organizing Idea	Learning Outcome
Activity: All About Plastics	Biodiversity, Ecosystems, Relationships Between Humans and the Environment	Living things are diverse, can be grouped, and interact in their ecosystems.
Activity: Circular Economy and the UN's Sustainable Development Goals	Biodiversity, Ecosystems, Relationships Between Humans and the Environment	Living things are diverse, can be grouped, and interact in their ecosystems.
Activity: How Plastic Waste Harms the Environment	Biodiversity, Ecosystems, Relationships Between Humans and the Environment	Living things are diverse, can be grouped, and interact in their ecosystems.
Activity: Imagine a Waste-Free Economy	Biodiversity, Ecosystems, Relationships Between Humans and the Environment	Living things are diverse, can be grouped, and interact in their ecosystems.
Activity: Our Plastic Consumption Footprint	Biodiversity, Ecosystems, Relationships Between Humans and the Environment	Living things are diverse, can be grouped, and interact in their ecosystems.
Activity: Plastic Remake	Biodiversity, Ecosystems, Relationships Between Humans and the Environment	Living things are diverse, can be grouped, and interact in their ecosystems.
Activity: Plastic in Our Oceans	Biodiversity, Ecosystems, Relationships Between Humans and the Environment	Living things are diverse, can be grouped, and interact in their ecosystems.
Activity: Sorting Your Waste	Biodiversity, Ecosystems, Relationships Between Humans and the Environment	Living things are diverse, can be grouped, and interact in their ecosystems.
Activity: Taking Inspiration from Nature	Biodiversity, Ecosystems, Relationships Between Humans and the Environment	Living things are diverse, can be grouped, and interact in their ecosystems.
Activity: Types of Plastics	Biodiversity, Ecosystems, Relationships Between Humans and the Environment	Living things are diverse, can be grouped, and interact in their ecosystems.
Activity: Why Do We Have Plastic Waste in the Environment?	Biodiversity, Ecosystems, Relationships Between Humans and the Environment	Living things are diverse, can be grouped, and interact in their ecosystems.
