

Program: Eco 360

Grade 4 – British Columbia Science Curriculum Connections

Activity Name	Organizing Idea	Learning Outcome
Activity: All About Plastics	Plants, Terrestrial and Aquatic Biomes	All living things sense and respond to their environment.
Activity: Circular Economy and the UN's Sustainable Development Goals	Plants, Terrestrial and Aquatic Biomes	All living things sense and respond to their environment.
Activity: How Plastic Waste Harms the Environment	Plants, Terrestrial and Aquatic Biomes	All living things sense and respond to their environment.
Activity: Imagine a Waste-Free Economy	Plants, Terrestrial and Aquatic Biomes	All living things sense and respond to their environment.
Activity: Our Plastic Consumption Footprint	Plants, Terrestrial and Aquatic Biomes	All living things sense and respond to their environment.
Activity: Plastic Remake	Plants, Terrestrial and Aquatic Biomes	All living things sense and respond to their environment.
Activity: Plastic in Our Oceans	Plants, Terrestrial and Aquatic Biomes	All living things sense and respond to their environment.
Activity: Sorting Your Waste	Plants, Terrestrial and Aquatic Biomes	All living things sense and respond to their environment.
Activity: Taking Inspiration from Nature	Plants, Terrestrial and Aquatic Biomes	All living things sense and respond to their environment.
Activity: Types of Plastics	Plants, Terrestrial and Aquatic Biomes	All living things sense and respond to their environment.
Activity: Why Do We Have Plastic Waste in the Environment?	Plants, Terrestrial and Aquatic Biomes	All living things sense and respond to their environment.
